

Hobbocks

If anyone CAN - we CAN!

# Hobbocks

Hobbocks are intended for paints, varnishes, wood protection products, adhesives and sealants, other chemical technical products and food. The removable lid is closed with a clamping ring for security yet allows almost residue-free emptying. The conical design lets empty hobbocks nest for space-saving storage and efficient transport. Type-tested versions for the transport of dangerous goods are available as standard and on request.

The product features of hobbocks „made by Pirlo” at a glance:

- Body with carrying handle
- Space saving storage due to conical construction
- With lids on, the buckets can be stacked
- High degree of tightness: Overgrip push-on lid with soft PVC seal, circlip or metal clamp closure
- Also available varnished (food safe) inside
- Also available with embossed warning sign
- Customised printing and embossing (lid) possible

If you have any questions about hobbocks our experts will be happy to help. Special can sizes are possible on request.

Standard sizes								
			Lid types					
			Pressure lid Rubber seal for snap ring or metal ring closure  Lever lid Rubber seal, metal ring closure RID/ADR-, UN- certified without certification
