

## Pails

If anyone CAN - we CAN!

# Pails

Pails are intended for paints, varnishes, wood protection products, adhesives and sealants, other chemical technical products and food. A removable lid with a clamping ring ensures secure closure and easy, near residue-free emptying; the conical shape allows nesting for efficient storage and transport. Type-tested versions for the transport of dangerous goods are available as standard and on request.

The product features of pails „made by Pirlo“ at a glance:

- Body with carrying handle
- Space saving storage due to conical construction
- With lids on, the buckets can be stacked
- High degree of tightness: Overgrip push-on lid with soft PVC seal, circlip or metal clamp closure
- Also available varnished (food safe) inside
- Also available with embossed warning sign
- Customised printing and embossing (lid) possible

## Zero waste pail and roasting pail

- Body with carrying handle (from 13 litres with side handles)
- Lid with Zero Waste embossing and clamping ring
- For 2.5 and 3 litres: lid securing with clips and lightweight metal clamping rings
- Lid with 3 mm vent hole - sticker and sealing fluid supplied separately

If you have any questions about pails our experts will be happy to help. Special can sizes are possible on request.

Diameter [mm]	Minimum height [mm]	Maximum height [mm]
166	155	225 with UN 370 without UN
195	168	243
230	135	345
